DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see pages 12-17, filed October 22, 2004, with respect to the rejection of claims 1-15 under 35 USC 103a have been fully considered and are persuasive. The rejection of claims 1-15 has been withdrawn.

The Examiner is persuaded that the prior art does not expressly disclose the invention as specified in these claims, where the statistics analyzer includes a control range checking unit. However, the Examiner is not persuaded that the prior art of record fails to teach or suggest a statistics analyzer adapted to determine whether *any of*: neither data of each group is inverted; data of a first group is inverted while data of a second group is not inverted; data of a second group is inverted while data of the first group is not inverted; and data of each group is inverted. Because "any of" denotes use of an alternative expression, the independent claims are recited such they may be rejected if any one of the four conditions is disclosed. Therefore, Takashima discloses this feature (*see generally*, column 8, lines 45-67 to column 10, lines 1-30), as claimed.

Allowable Subject Matter

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 1-15 is the inclusion of the limitation "wherein said statistics analyzer comprises a control range checking unit" as recited in independent claims 1, 4, 5 and 11-13. The prior art of record does not

disclose a data transfer device, display device, data transmitter, data receiver, or data transfer method, as claimed, where the statistics analyzer includes a control range checking unit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Donna K. Mason whose telephone number is (571) 272-3629. The examiner can normally be reached on Monday - Friday, 8:30am - 5:00pm.
